

TALON INTERNSHIP

- On Ranch Learning Opportunity -

TALON INTERNSHIP

-Deadline Dec. 1, 2020-

Cam Cooper's legacy lives on through Talon Youth Education Learning Program. The Talon Internship is an opportunity for youth to learn firsthand about managing and operating day-to-day life on a ranch, and, in turn, participating host Angus breeders have a hand in mentoring the next generation.

- Selection of the Host Breeder and the Student Intern is January 10.
- Applications can be found at: <http://www.angus.org/Foundation/Files/TalonHostBreederApplication.pdf>
- Internship dates range from May - August of the upcoming summer.

This paid internship offers students real world ranch experience. Internship duties, depending on the host breeder's program, may include tasks that range from helping prepare show cattle, AI-ing, preg checking, veterinary tasks, as well as feeding, fence maintenance, irrigation and more. Interns may also have the opportunity to participate in other Angus and beef cattle educational events and activities off the farm such as conferences and field days.

This Internship is offered through the generosity of the Angus/Talon Youth Education Learning Program Endowment Fund managed by Angus Foundation. Scan the QR code to learn more about Cam Cooper's story .
